

Scientific Evaluation of the New Procedure to Determine Nursing Care Dependency (§ 18c Abs. 2 SGB XI) Lot 4: Statistical Analysis

Overview

The Second and Third Long-term Care Strengthening Acts have fundamentally changed the procedures to determine nursing care dependency. The aim of this project, commissioned and funded by the German Federal Ministry of Health, is the quantitative description and evaluation of developments related to the new procedures defined in Social Code Book XI (Long-term Care Insurance) and Social Code Book XII (Social Assistance).

Duration:

01 November 2017 - 30 June 2019

Research Team:

[Prof. Dr. Heinz Rothgang](#) (Head of project)

[Dr Public Health Laura Maaß](#)

[Benedikt Preuß](#)

[Dr. Achim Schmid](#)

Funding:

Bundesministerium für Gesundheit (BMG)

Volume: 345.087,- €
