[Patient oriented outcome research - yesterday, today, tomorrow](#)

BARMER GEK; [SOCIUM Forschungszentrum Ungleichheit und Sozialpolitik, Universität Bremen](#)

Place:

Hotel Aquino, Katholische Akademie
Room: Tagungszentrum
Hannoversche Str. 5b
10115 Berlin

Time:

10:30 - 16:00

Sc. Administration:

[Prof. Dr. Gerd Glaeske \(verstorben\)](#)

Organization:

Cornelia Trittin, M.A.

The Advisory Council on Health claimed in its report of 2000/2001 an expansion of outcome research and an increased use of administrative data. This includes primarily the presentation of rational and quality-oriented patient care through methodologically adequate studies, the revealing of overuse, underuse and misuse of care and an evaluation of health policy-induced changes in our health care system.
